District 4

**Senator
John A. Alario, Jr.**
District 8

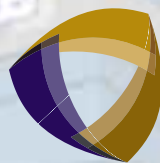

**Representative
Helena N. Moreno**
District 93

**Senator
David R. Heitmeier, O.D.**
District 7

LSU Health Foundation New Orleans would like to highlight and express gratitude to the five legislators who went above and beyond in demonstrating superior leadership and exceptional support of fiscal and policy related issues affecting LSU Health Sciences New Orleans during the 2015 Louisiana Legislative Session. Specifically, these award recipients played a critical role in preventing catastrophic reductions to our base budget as well as programmatic funding for important initiatives such as the Louisiana Tumor Registry, the Breast and Cervical Program and the Louisiana Cancer Research Consortium. Additionally, the awardees were instrumental in providing funding to ensure that the private partners (University Medical Center, Our Lady of the Lake and University Health in Lafayette) had the requisite resources to fulfill their vital role in training our future healthcare professionals and providing healthcare to the most vulnerable citizens of our state. On behalf of the faculty, staff and alumni of the state's oldest and largest health sciences center, the LSU Health Foundation- New Orleans commends the Legislators for their leadership role in supporting the LSU Health Sciences Center-New Orleans.
